Dave - we have received the fully executed resolution.

Do you have an estimate for operating expenses that are needed for this month?

As discussed, please confirm that [REDACTED] payment was received and are in the King Mountain operating account and I will circulate the resolution for execution.

For reference, the only two changes I made to your draft resolution were to (1) remove the sentence from the letter stating that [REDACTED] has a past-due balance and (2) to add "as amended" opt the definition of "LLC Agreement" in the preamble to the resolution.

Do you have an ETA? We just got the instructions on how to unblock the account from BMO. We would like to send the notice to BMO promptly after we have received CN's signatures on the JV resolution.

Dave,

As discussed, please find attached my proposed draft for the JV bank resolution and a revised payment instructions letter addressed to [REDACTED] (clean & redlined to the previous draft).

Please let me know if you have any edits. If none, I will circulate an execution version as soon as I'll have confirmed the ABA routing number of the account.

Thank you,
